**VolumeEditors:**

Nicholas Cronk, Thomas Wynn et al.

**Author:**

Voltaire

**Publication Date:**

2017

**ISBN:**

978-0-7294-1151-6

Not just a science fiction tale about a planet-hopping giant from outer space visiting our world, but also a commentary on society and the scientific knowledge at the time of its composition, *Micromégas* reflects on man's place in the universe, between two infinities. This has remained one of Voltaire's best-loved tales.

This volume also features *La Prude*, a comedy inspired by Wycherley's *Plain Dealer*, the *Conseils à M. Racine sur son poème de La Religion*, where Voltaire criticises the work of Louis Racine, son of the illustrious playwright, as well as *Le Préservatif ou critique des 'Observations sur les écrits modernes'*, in which the author targets his personal enemy the abbé Desfontaines and his literary journal.

**Table of Contents:**

*Micromégas* (Nicholas Cronk, J. B. Shank)

*La Prude, ou l'homme au franc procédé, comédie, imitée de l'anglais* (Thomas Wynn)

*Le Préservatif, ou critique des Observations sur les écrits modernes* (François Moureau)

*Conseils à Monsieur Racine, sur son poème de 'La Religion', par un amateur des belles-lettres* (David Williams)

**Pages:**

492
